NO ARMS FOR APARTHEID

SUPPORT THE UNITED NATIONS

BOYCOTT SOUTH AFRICAN GOODS

BECAUSE IN SOUTH AFRICA:

80% of the population are denied fundamental human rights

anyone chalking anti-apartheid slogans on walls can be sentenced to death

the world's highest infant mortality rate was recorded in Durban last year

70% of the African people live below the bread-line — while the white population enjoys the highest standard of living in the world

opposition leaders are banished, banned or imprisoned

Verwoerd remains in power by force of arms

THE UNITED NATIONS SUPPORTS BOYCOTT

in November 1962 the U.N. General Assembly recommended that firm international action be taken against South Africa

YET BRITAIN :

SELLS ARMS TO S. AFRICA

buys nearly one-third of South Africa's total exports

opposes the United Nations' stand on apartheid
