RELEASE NELSON MANDELA! ACT NOW!

Nelson Mandela is imprisoned by the apartheid regime, along with many of his comrades, for fighting for freedom and justice in South Africa. British collaboration with South Africa helps keep the black majority in the chains of apartheid and their acknowledged leader Nelson Mandela in prison for life. Were there a democratic vote Nelson Mandela would be President. Recent news from Winnie Mandela has confirmed that the gaoled ANC leaders have been subject to harassment and worse conditions since they refused to sell-out the liberation struggle by accepting conditional release. Join the campaign to release Nelson Mandela and all political prisoners in apartheid gaols. *At this time your participation, support and solidarity is vital to assist the struggle.*

CLOSE DOWN THE RACIST SOUTH AFRICAN EMBASSY!

The people in New Zealand have done it! In America over 2,000 have been arrested outside South African embassies. It is an insult to every freedom loving person in Britain that the South Africa racists occupy a cardinal point in the centre of London. Close down the Nest of Spies in Trafalgar Square once and for all! *Demonstrate with us every Friday 5.30-7.30pm and on the 24 hour picket on 7/8 June.*

APARTHEID OUT OF BRITAIN! BRITAIN OUT OF APARTHEID!

We support the right of black people to march and fight for their rights whether it is in Southern Africa or Britain. The rich investors in apartheid who ruthlessly exploit the masses of South Africa, profit also from the oppression of Asian and black people in Britain. Fascist violence, police brutality, frame up and rape, deportations, discrimination in jobs, housing, schools and social security are the daily experience of black people. The struggle against apartheid cannot be separated from the struggle against racism in Britain. Join the pickets and the demonstration to oppose racism in South Africa and Britain.

SOLIDARITY WITH THE WORKERS OF SOUTH AFRICA!

Andries Raditsela a leader of the chemical workers, Siphso Mutsi, a leader of school students and SACTU militant Vernon Nkadimeng were *murdered* by the South African regime. They have shown us how to organise. Last November 800,000 workers and 400,000 students joined the Transvaal two day stayaway protest. They have shown us international solidarity. Despite all their own sufferings the black mineworkers led by Cyril Ramaphosa sent huge donations to the striking British miners. *Now is the time to stand by our brothers and sisters - act now in solidarity with them!*

STOP THE UDF TREASON TRIAL

The United Democratic Front in South Africa is an overground organisation struggling for democratic rights. But the apartheid regime cannot tolerate any opposition. Hundreds of UDF activists are detained. 16 UDF leaders stand trial from 20 May accused of High Treason.

Act now! Join the pickets to stop the Treason Trial!
